# WE ARE REACHOUT EARLY YEARS STRONGER PRACTICE HUB

## WE ARE THE REACHOUT EARLY YEARS STRONGER PRACTICE HUB FOR THE EAST OF ENGLAND

We are funded by the DfE to offer:

- Free training, conferences & webinars
- Sharing of good practice
- Free bespoke support
- Evidence-based professional development for early years practitioners

Our aim is to improve early years practice and raise standards in all PVI, childminder settings, nurseries and school-based nurseries across Essex, Hertfordshire, Bedfordshire and Peterborough.

## AND ALL THE SERVICES WE OFFER ARE FREE!

Our network of EY Professionals is ever growing (currently stands around 850) but quite honestly, the uptake from PVI settings is lower than from School based Nurseries and Childminders and so we are reaching out to address this and get more PVIs accessing our offer.

We are the only PVI setting to have Stronger Practice Hub Status in the whole country, a fact we are proud of - we are on the ground working with children and facing all the same challenges day in day out that you do. We understand the challenges you face.

Through the hub, our own setting has successfully trained 2 SEND Level 3 practitioners and 2 Early Years Teachers - without having to fund it ourselves.

We would welcome the chance to chat to you more.

There really are no hidden catches and costs. For more information:

## PREVIOUS EVENTS HOSTED BY REACHOUT EARLY YEARS STRONGER PRACTICE HUB

- Multiple FREE woodwork conferences with acclaimed early years expert Pete Moorhouse. All attendees received a FREE resources kit worth over £200 for their setting.

- Regular speech and language webinars delivered by S&L therapist Becky Frewin. Over 100 Early Years Educators attended our most recent webinar on ADHD.
- Speech and Language Conferences with key notes focusing on Echolalia and Gestalt language processing and an introduction to Makaton.
- Numerous 'Into the Wild' forest school conferences embracing risk taking and showcasing innovative outdoor learning experiences. Once again attendees received outdoor resources kits worth over £150 with everything they needed to support and enhance the practice in their settings.
- We have successfully supported numerous settings to develop their own own practice through our bespoke support.
