

Maths Champions Information Sheet

National Day Nurseries Association (NDNA) are delighted to have secured funds to deliver the Maths Champions programme through the Education Endowment Foundation (EEF) and the Department for Education (DfE). The 12 month online programme has been evaluated by the EEF with York and Durham University and has been proven to boost children's Maths and Language attainment by an average of [3 additional months](#).

About the Programme

The programme aims to improve maths attainment of children in an early years setting by training a Maths Champion and Deputy Maths Champion (MC and DMC) in key mathematical concepts and increasing staff confidence. After completing a live induction and online training modules the MC will lead on completing a staff confidence and nursery environment audit and action plan to improve the mathematical learning environment and confidence of all staff. They will also lead on implementing 10 or more core activities with children that build on the key areas of maths learning. MCs will then be able to revisit their audits and review the outcomes of the core activities. Throughout the 12 months the MC and DMC will have access to ongoing one-to-one support from an Early Years Expert as well as regular webinars on arising topics.

As part of this DfE-funded scaled delivery, the programme will be available at no cost to participating settings.
