USING WELLCOMM AS A TEACHING AND PARENT ENGAGEMENT TOOL

Wellcomm is an effective screening, planning, teaching and parent engagement tool. Explore how you can use Wellcomm to have a greater impact on your practice and improve children's communication and language outcomes. Let's use Wellcomm to narrow the language gap and accelerate progress towards reaching age related expectations by the time children are 5yrs.

TRAINING WILL COVER:

Session 1: Face to Face (for settings who are new to Wellcomm and/or require training on how to use the screening tool)

How to screen children's language development

Session 2: On line (for all new and existing Wellcomm settings)

How to create a Wellcomm friendly teaching environment

How to use Wellcomm to inform playful interactions

Session 3: On line (for all new and existing Wellcomm settings)

How to use Wellcome as a targeted group intervention

How to use Wellcomm as a parent engagement tool
